FACTSHEET

MINUTE OF ISLANDS

DESCRIPTION

Minute of Islands is an art- and story-driven puzzle platformer, that turns the classic hero's journey on its head.

Explore strange and wonderful islands and the dark labyrinths below. Guide young mechanic Mo on her quest to repair a world on the brink of collapse. But, even with the powerful Omni Switch at her disposal, Mo may not have enough to fix the damage hidden beneath the surface ...

FACTS & FIGURES

- Release Date: March 18, 2021
- Release Platforms: PC / Mac, PlayStation 4 (Next Gen-compatible), Xbox One (Next Gen-compatible), Nintendo Switch
- Steam Page: https://store.steampowered.com/app/1049710/Minute_of_Islands/

KEY FEATURES

- Wield the powerful Omni Switch throughout story-based environmental puzzles and platform gameplay to regain control over the giants' machines.
- Face the dark truth beneath the islands' surfaces and unravel an emotional poetic story, narrated by actress Megan Gay.
- Explore a fantastic colorful world across multiple unique islands, meet curious characters and uncover the archipelago's secrets.

STORY

You are Mo, a skilled tinkerer, living with her family on a pastoral archipelago, once inhabited by an ancient race of inscrutable giants. Their otherworldly but vital machines, festering in the underbellies of the islands, must be kept going or an almost forgotten threat will swallow all. Mo vows to restore the hidden engines in time, but is this truly what she needs?
